Md. Shorafot Hoshen

Full Stack Web Developer

Dhaka, Bangladesh | +880 1817822166 | shorafothoshen@gmail.com

Linkedin | Github | Portfolio

CAREER OBJECTIVE

Junior Full Stack Developer with hands-on experience developing end-to-end web applications, from responsive user interfaces to secure backend services and database integration. Experienced in building RESTful APIs, implementing authentication and authorization, and solving development challenges across frontend and backend environments. Strong problem-solving foundation through competitive programming and Data Structures & Algorithms. Seeking an entry-level Full Stack Developer role to contribute to real-world projects, learn from experienced engineers, and grow as a software developer.

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend: React.js, Next.js, Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, Django, REST API design, Authentication (JWT, Better-Auth), Role-Based Access Control (RBAC)
Database: MongoDB, Mongoose, MySQL
Tools & Platforms: Git & GitHub, Postman, Vercel, Rander, VS Code
Currently Learning: React Native, Django Channels

PROJECTS

Bazar-Dor — Bengali Grocery Price Tracking & Comparison Platform Live Link | Github

- Developed a responsive grocery price tracking platform to explore and compare essential product prices across different markets in Bangladesh.
- Implemented product search, category filtering, price sorting, and price comparison with minimum, maximum, and average price indicators.
- Integrated Better Auth with MongoDB for secure authentication, protected routes, and user profile management.

Tech Stack: Next.js, React, TypeScript, Tailwind CSS, MongoDB, Better Auth

Library Management System — Full Stack Web Application Live Link | Github

- Developed a library management web application with book catalog browsing, category-based filtering, user registration, and authentication.
- Implemented book borrowing and returning workflows with transaction tracking to manage users' borrowing activities.
- Integrated Django Admin Panel for managing books, categories, and users, with a responsive interface built using Tailwind CSS.

Tech Stack: Python, Django, SQLite, HTML5, Tailwind CSS

EDUCATION

Bangladesh University of Business and Technology

2023 - Present

➢ Bachelor of Computer Science and Engineering (4th Year)

CERTIFICATIONS & ACHIEVEMENTS

- CS Fundamentals With Phitron : Spring 2023 (Certificate)

LANGUAGES

Bengali - Native | English - Intermediate
